Product: Sustanat® PC natural

We hereby confirm that our semi-finished products

Sustanat® PC natural

made of Polycarbonate (PC) is compliant with applicable FDA regulations for food contact. This product is extruded by using of high-quality raw materials that have been confirmed by raw material suppliers to meet the compositional requirements for food contact applications in accordance with **Federal Regulations CFR 21, Part 177, Section 1580 " Polycarbonate resins "**. Any additives, that may be present, comply with appropriate, specific FDA Regulations.

Finished food contact articles made from this material are subject to extractive restriction in accordance with FDA regulation 21 CFR 177.1580. Compliance with these requirements was not tested on the semi-finished product, as they generally apply to the finished article.

Sustanat® PC natural may be used in contact with all food types under Condition of Use B through H as described in Table 2 of FDA website:

<https://www.fda.gov/food/packaging-food-contact-substances-fcs/food-types-conditions-use-food-contact-substances>

The exact provisions of the aforementioned paragraphs of 21 CFR can be found at:

<https://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfcr/cfrsearch.cfm>

The quality assurance system of Röchling Sustaplast SE & Co. KG is certified as per DIN EN ISO 9001 and serves as an important basis for the constant composition and quality of **Sustanat® PC natur**.

Note:

It is the customer's own responsibility to test the suitability of plastic items manufactured from or with our products for the planned application in the foodstuff industry. That includes for example:

- testing, if the physical characteristics of the plastic are suitable for the planned application,
- testing, if plastic parts manufactured by the customer fulfil the prescribed migration or extraction values,
- testing for possible influence of the plastic on the composition and/or organoleptic characteristics of foodstuffs,

The information above is based on the information provided by our suppliers. We are not liable for completeness and correctness of information contained herein. Existing laws and regulations must be respected by the receivers/users of our products in their own responsibility.

This declaration is reevaluated in case of expiry of validity, modifications of directives and laws, raw materials, formula, manufacturing procedures or other. In this cases, new declarations are published on our website www.roechling.com, earlier declarations automatically become invalid in that case.

This document has been printed automatically and is valid without any signature.
